

RESOLUTION NO. 108-94

September 1, 1994

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
VANDENBERG VILLAGE COMMUNITY SERVICES
DISTRICT OPPOSING CONSTRUCTION OF THE MISSION
HILLS EXTENSION OF THE STATE WATER PROJECT
WITHIN THE DISTRICT BOUNDARIES**

WHEREAS, the voters of Vandenberg Village, having rejected the District's participation in the State Water Project, will receive no benefit from State Water and should bear no burden associated with the importation of State Water; and

WHEREAS, the Central Coast Water Authority is apparently planning to construct the Mission Hills Extension of the State Water Project within the District's boundaries; and

WHEREAS, if the Mission Hills Extension is constructed beneath Vandenberg Village streets or through the golf course, said construction activity will likely disrupt District water and wastewater services to Vandenberg Village residents, and will otherwise greatly inconvenience residents; and

WHEREAS, the easements within the District required for the Mission Hills Extension are located where the District may someday require additional utility easements of its own; and

WHEREAS, the physical presence of the Mission Hills Extension, a large-diameter water transmission pipe, within the District may complicate the District's maintenance of its own water and wastewater utilities.

NOW, THEREFORE, BE IT RESOLVED that the Vandenberg Village Community Services District opposes the construction of the Mission Hills Extension of the State Water Project within the boundaries of the District. The Board President is authorized to communicate the contents of this Resolution to the Central Coast Water Authority, the County of Santa Barbara, and the California State Lands Commission.

Resolution No. 108-94
