

HOMEOWNER LANDSCAPE WORKSHOP

Full day watershed wise landscape overview and design

Offered on two separate dates!

LOMPOC

 **JUNE 3, 2017 • 9AM -5PM**
 **ANDERSON RECREATION CENTER**
125 W WALNUT AVE, LOMPOC

SANTA MARIA

 **JUNE 17, 2017 • 9AM -5PM**
 **SHEPARD HALL, SANTA MARIA PUBLIC LIBRARY**
421 S. MCCLELLAND ST., SANTA MARIA

Water conversation is no longer just about "losing the thirsty lawn" and reducing irrigation.

Join us to find out how to create drought resilient landscapes that conserve water, reduce pollution, invite habitat, and are downright gorgeous!

MORNING SESSION: **Watershed Basics**

Learn to create gardens that thrive in our local climate, use resources wisely, and look beautiful all year round.

- Understand your garden as a mini-watershed
- Create living soil sponge that holds onto water
- Treat rainwater as an abundant resource
- Choose the right plants for the right place
- Manage irrigation to eliminate waste and runoff

AFTERNOON SESSION: **Hands-on Landscape Design**

Replace your lawn with a beautiful climate appropriate garden. This interactive workshop helps you design a successful watershed-wise landscape. Learn how to:

- Contour the landscape for maximum rainwater capture
- Create a list of climate-appropriate plants
- Place plants on a property plan according to water needs and key design principles

Brought to you by the Network of Santa Barbara County Water Providers
