

Program Information

Our Water Conservation Program provides rebates to: (1) replace your older toilet 3.5 gpf with a new high-efficiency toilet (HET) 1.28 gpf and receive \$160 or replace your 1.6 gpf with a HET and receive \$40 (2) replace your old clothes washer with a HET clothes washer, \$150 rebate, (3) replace your grass with low water usage plants, rocks, and/or synthetic turf and receive up to \$2 per sq. ft. (4) Purchase and install a rain barrel and receive up to \$50 rebate, or (5) Purchase and install a Water Sense labeled Irrigation system and receive up to \$50 rebate. The District also provides a variety of free water saving devices to Village residents.

The funding for this program comes entirely from developer fees and rebates will be provided as long as funds are available. The purpose of the program is to reduce demand and promote efficient use of our groundwater supply in order to provide a sustainable water source for present and future residents.
