

It's Spring! Let's work in the yard.

WATER WISE GARDENING IN SANTA BARBARA COUNTY

Plant low-water using plants and receive a rebate

Replace your grass with low-water using plants, rocks, or synthetic turf and you may be eligible for a \$2.00 per square foot rebate of up to \$1,000. Provide us with before/after pictures and itemized receipts, which include square footage replaced, for a check or account credit.

For more information, to sign-up for rebates, or to request your free CD, call (805) 733-2475 or visit our website at <http://vvcasd.org/custserv/conservation.htm> and be sure to drop by the office to see our demonstration garden for water-saving plant ideas.

Receive a free Water Wise Gardening CD

Our Water Wise Gardening in Santa Barbara County CD helps you to customize a beautiful, and water efficient, yard. It allows you to design your landscape, select plants, and provides gardening tips for our unique coastal climate.

Check your irrigation system

Now that your irrigation system is back in service, be sure to check for broken sprinkler heads and leaking pipes. Be sure to also check your timers. Experts say that you are probably overwatering your lawn. Save water and money by visiting our website at <http://vvcasd.org/custserv/sprinkler.htm> for efficient sprinkler scheduling tips.
